

Ali Hussain Dhuniya

Front-End Developer

<https://github.com/Alidhuniya>

alihussaindhuniya0307gmail.com

I'm a Frontend Web Developer from Nepal, Bhairahawa(Rupandehi) who's quick learner and loves to create interactive UI with Frontend Technologies like JavaScript, React, Redux Sass, webpack along with best practices which helps to keep code scalable and easy to debug and maintain. To say, I can present my ideas and thinking into design artboard is a plus point.

Education

I have a IT background in Diploma Computer Engineering (3 years program jun 2016-oct 2019) from Lumbini Engineering College, Rupandehi but not yet Certified. soon I will be.

Ability to analyze, break and solve problems by applying engineering skills.

Skills

- Languages: HTML, CSS, Sass, Javascript, React, Redux
